LIGHT KITS	All kits comprise of a ballast, lamp, lamp holder, & reflector. Some reflector designs incorporate lamp holders	
250 watt kits HPS		
Nova small	Rectangular powder coated shade with facility for attaching 150mm fan	\$250.00
Adjust-A-Wing small avenger	manipulate your light output by adjusting your shade as plants grow	\$284.00
Adjust-A-Wing small defender	manipulate your light output by adjusting your shade as plants grow	\$280.00
Gull wing		\$240.00
White wing	Angled wing design. Open both ends	\$216.00
400 watt kits HPS		
China hat small	Four piece triangular style, powder coated reflector holds lamp vertically	\$245.00
China hat deep bowl small	Small one piece white powder coated shade	\$255.00
Nova small	Rectangular powder coated shade with facility for attaching 150mm fan	\$270.00
Nova large	Nova shade has integrated provision for fan ducting	\$275.00
Adjust-A-Wing small avenger	manipulate your light output by adjusting your shade as plants grow	\$305.00
Adjust-A-Wing small defender	manipulate your light output by adjusting your shade as plants grow	\$300.00
Adjust-A-Wing medium avenger	manipulate your light output by adjusting your shade as plants grow	\$335.00
Adjust-A-Wing medium defender	manipulate your light output by adjusting your shade as plants grow	\$315.00
Gull wing		\$255.00
White wing	Angled wing design. Open both ends	\$299.00
600 watt kits HPS		
China hat small	Four piece triangular style, powder coated reflector holds lamp vertically	\$280.00
China hat deep bowl small	Small one piece white powder coated shade	\$300.00
Nova large	Nova shade has integrated provision for fan ducting	\$310.00
Nova jumbo	Nova shade has integrated provision for fan ducting	\$330.00
Adjust-A-Wing medium avenger	manipulate your light output by adjusting your shade as plants grow	\$370.00
Adjust-A-Wing medium defender	manipulate your light output by adjusting your shade as plants grow	\$345.00
1000 watt kits HPS		
China hat jumbo	Four piece triangular style, powder coated reflector holds lamp vertically	\$495.00
Nova jumbo	Nova shade has integrated provision for fan ducting	\$515.00
Adjust-A-Wing large avenger	manipulate your light output by adjusting your shade as plants grow	\$595.00
2 x 600 watt HPS		\$630.00
Adjust-A-Wing large defender	manipulate your light output by adjusting your shade as plants grow	\$545.00
2 x 600 watt HPS		\$580.00
Reflectors		
China hat small	Four piece triangular style, powder coated reflector holds lamp vertically	35.00

China hat medium	Four piece triangular style, powder coated reflector holds lamp vertically	\$ 51.50
China hat jumbo	Four piece triangular style, powder coated reflector holds lamp vertically	\$ 77.00
China hat deep bowl small	Small one piece white powder coated shade	\$ 63.00
Nova small	Rectangular powder coated shade with facility for attaching 150mm fan	\$ 75.00
Nova large	Nova shade has integrated provision for fan ducting	\$ 77.50
Nova jumbo	Nova shade has integrated provision for fan ducting	\$ 95.00
Adjust-A-Wing small avenger	manipulate your light output by adjusting your shade as plants grow	\$109.50
Adjust-A-Wing medium avenger	manipulate your light output by adjusting your shade as plants grow	\$ 139.50
Adjust-A-Wing large avenger	manipulate your light output by adjusting your shade as plants grow	\$ 179.50
Adjust-A-Wing small defender	manipulate your light output by adjusting your shade as plants grow	\$ 105.00
Adjust-A-Wing medium defender	manipulate your light output by adjusting your shade as plants grow	\$ 111.50
Adjust-A-Wing large defender	manipulate your light output by adjusting your shade as plants grow	\$ 130.00
Gull wing		\$ 65.00
White wing	Angled wing design. Open both ends	\$ 65.00
Ultima		\$ 95.00

Clipsal 36 watt		\$5.50

	Light rails – custom models available on request	
Jupiter 2	Model 1 standard. Track length 2.1m. One light	\$468.50
Jupiter 2	Model 1 with 2 metre crossbar. 2-3 lights track length 2.1m	\$502.95
	Nutrients	
	Canna	
Vega/ Flores	2 part A/B, <i>Grow/ bloom</i> stage nutrient	
	2lt \$34.50 10lt \$116.00	
Aqua vega/ flores	Two part A/B grow and bloom solution. Designed for recycled flow systems. Eg NFT, aeroponics etc.	
	2lt \$39.95 10lt \$127.00	
COGr Vega/ flores	Two part A/B grow and bloom solution. Designed for COGr media.	
	2lt \$39.95 10lt \$116.00	
COGr buffer agent	One part solution. Used as a buffering agent for COGr media.	
	1lt \$39.95	
COCO	2 part A/ B formulated for use with Coco medium, during either <i>Grow / Bloom</i> stages.	
	2lt \$34.50 10lt \$116.00	
PK 13-14	One part solution. Phosphorus and Potassium boost, the main elements taken by plants during the flowering phase.	
	500ml \$20.50 1lt \$30.50 5lt \$150.00	
ZYM	Enzymes activate healthy root system.	
	500ml \$25.95 1lt \$47.50 5lt \$205.00	
Rhizotonic	Stimulates root growth.	
	500ml \$56.95 1lt \$96.95 5lt \$350.00	
	Canna individual nutrients	
Nitrogen	One part solution. Additional nitrogen used to promote leaf production.	
	1lt \$30.95	
Phosphorus	Used to promote flower production.	
	1lt \$30.95	
Organic kali - Potassium	Used to promote flower production.	
	1lt \$30.95	
Magnesium – MgSO ₄	Improves cell strength. And is important in chlorophyll production.	
	1lt \$30.95	
Iron	Helps with the movement of nutrients around the plant.	
	1lt \$30.95	
Trace mix	Used to correct and micronutrient deficiencies.	
	1lt \$37.95	
	Dutch master	
Advance vegetative/ flowering formula	Two part A/B solution. Increases plant metabolism, increased output of aromatic oils. Faster growth and stronger flowers.	
	2lt \$24.00 10lt \$65.00	
Max vegetative/ flowering boost	One part solution. Allow rapid uptake of nutrients that are crucial to plant growth. And	

	creates special nutrient reservoirs inside the plant Provides the nutrients crucial for sustained flower production. Produces profuse flowering and complex branching.	2lt \$20.00
Hot Coco vegetative/ flowering formula	Two part A/ B solution, Designed for coir based systems, fast growth and strong flowering response.	2lt \$24.00
Potash + flower supplement	One part solution. Provides phosphorus, promotes dense large flowers.	1lt \$20.00
Silica flower supplement	One part solution. Prevents bud rot, inoculates against fungal diseases.	1lt \$20.00
Guardian protect & prevent	One part solution. Prevents and protects against powdery mildew and downy mildew, protects and prevents against root based fungal diseases, increases plants own immune system.	1lt \$20.00 5lt \$66.00
Folitech vegetative/ flowering solution	One part solution. Increases receptor site sensitivity of areas that control vegetative growth Develops plants for accelerated flowering, perfect partner for Rock flowering juice, increases development of essential plant oils.	1lt veg. \$39.95 1lt flower \$44.00
Penetrator wetting + delivery agent	One part solution. Increases effectiveness of insecticides and foliar sprays, will not burn plant and delivers all substances inside the plant.	1lt \$17.00
One vegetative/ flowering formula	One part solution. Easy to use, fast growth, strong flowering response.	1lt \$16.50
A.P.S. Clone food/ cube soak	One part solution. Cuttings grow while establishing roots, healthier cuttings, faster rooting, no mixing required.	5lt \$14.95
Rock flower juice organic	One part solution. Replaces superbud, faster flowering response, and heavier tighter flower density, fastest strongest flowering response possible.	1lt \$80.00
Rock hard synthetic	One part solution. Replaces superbud, faster flowering response, and heavier tighter flower density, fastest strongest flowering response possible.	1lt \$160.00
Clone fast	Fast, safe & natural rooting agent. Stops twisting of clone leaves, draws out air bubbles in the stems.	50ml \$7.85 1lt \$39.50
	Other nutrients	
African violet formulation		250ml \$6.50
General purpose total grow/ bloom	A one part complete nutrient for hydroponic systems. 250ml	\$6.50
	1lt \$16.50 5lt \$55.00 20 ltr 108.00	
General hydroponic flora grow/ bloom		1lt \$22.00 5lt \$67.50

		5lt	\$88.00
Head on grow/ bloom		1lt	\$18.00
		5lt	\$49.50
Optimum grow/ bloom	Two part A/B grow and bloom formula.	2lt	\$22.00
		10lt	\$78.00
Nulife technologies powergrow	Two part A/B grow solution.	8lt	\$42.50
The genesis formula bloom		1lt	\$23.00
Dutch fest hydro grow/ bloom	Two part A/B grow and bloom formula.	2lt	\$18.50
		10lt	\$59.40
Bio-mix		5lt	\$66.00
Experts choice bloom	Two part A/B bloom formula.	2lt	\$22.00
Coco grow/ bloom	Two part A/B formula.	2lt	\$22.00
Ozi tonic gro juice	The organically derived additive to be used in conjunction with monsta bud.	1lt	\$19.00
Amsterdam indoors vegetative/ flowering formula		2lt	\$24.50
		10lt	\$66.50
Doctor indoors		2lt	\$27.00
		4lt	\$40.00
Auto pot	Two part A/B solution. Designed for auto pot systems.	1lt	\$16.50
		5lt	\$44.00
Dutch bloom	Two part solution A/B.	2lt	\$19.00
	Nutrient additives		
Nulife technologies stop wilt		1lt	\$49.50
Super grow	General plant growth promotant to be used during growth phase. Stimulates rapid growth and plants finish growth phase larger and bushier.	250ml	\$20.50
		1lt	\$39.50
		5lt	\$115.50
Super bloom	Use at bud opening, to increase bud swell, size & quality, continue use during fruiting stage for bigger fruit development and fruit set.	250ml	\$12.50
		1lt	\$25.00
		5lt	\$95.00
Super plants	Contains hormones used by plants in cell division. Useful in all stages of plant maturation, from seed or clone to flowering.	45ml	\$17.50
		250ml	\$30.00
Super flowers	Contains female plant hormone to boost flower set, bud growth	250ml	\$30.00
Bio active		45ml	\$16.50
		250ml	\$30.00
Bud Res	Natural product with flower inducing stimulants. Improves flavour & fragrance. Use weekly at start of flowering cycle, until buds open. Then use Superbloom for rest of flowering cycle.	250ml	\$15.50
		1lt	\$39.50
		5lt	\$115.00
Enhance B481	Hormone extract of pollen induces strong foliar growth or good root production in new clones. Applied by spraying to run-off.	50ml	\$9.50
		250ml	\$19.95
La Femme	Sex change for plants. Creates a predominance of female flowers, especially in cucumbers &		

	zucchini. Use as seed soak, or spray before bud set. Can also be used on mature plants.	250ml	\$20.50
		1lt	\$72.00
Mega bud plus	Aus hydro product that contains 40 micro nutrients to aid in plant flowering.	1lt	\$22.00
Monsta bud	Entirely organic flowering nutrient derived from beeswax. Very potent stuff.	1lt	\$16.50
Bud pounder	Two part A/B solution.	2lt	\$24.00
		10lt	\$72.00
Silica sink	Growth Technology product that contains silica compounds as well as 0-0-10 NPK, and other trace elements for increasing plant yields.	1lt	\$19.00
X-treme Potash	Provides phosphorus, promotes dense large flowers	1lt	\$30.00
O ₂ plus	Sterilises and adds oxygen to the nutrient solution.	1lt	\$24.00
Oxy Plus	Sterilises and adds oxygen to the nutrient solution.	500ml	\$9.90
		5lt	\$87.00
Superthrive	Endows plants with many vitamins and hormones and relieves the plant of it's need to create such complex compounds. Useful as growth/flowering promoter, reviver or as a seed soak.	15ml	\$7.90
		30ml	\$12.50
		60ml	\$18.75
		120ml	\$29.75
		480ml	\$77.05
		760ml	\$144.00
Nutriboost	Vitamin provider and also contains INAA, a synthetic hormone used to promote fast root and shoot growth.	100ml	\$10.80
		200ml	\$17.90
Nitozyme	Contains a huge array of vitamins and trace elements essential for promoting quality , large vegetative growth. Use only during vegetative cycle and during flowering cycle, use Earth Juice Catalyst for best results.	100ml	\$12.50
		500ml	\$46.00
Final rinse	Removes excess chemicals and salt build up in the final days before harvest. Adds flavour and mass to the yield	500ml	\$15.50
Formula 1		250ml	\$43.50
Bonza bud	Stimulates bud development & bushiness of plant. Distance between plant nodes is reduced.	50ml	\$23.80
Thumper	Foliar spray for leaves and flowers	1lt	\$22.80
	Pest & disease control		
Neem Gold	A neem based product with penetrator (wetting agent) that repels bugs and disrupts their breeding cycles. Organic product.	750ml	\$27.75
Neemtech	Insecticidal potassium soap.	1lt	\$26.00
Pythoff	Hydroponic sterilising agent		

		1lt	\$24.95
Fongard	Systemic fungicide	10g	\$15.00
Cureit	Fungicide that protects seedlings from damping off	50ml	\$9.90
Microkill	Kills bacteria, fungus, mould, and mildew. Use of growool when in starts to get green.	1lt	\$17.95
	Concentrate	1lt	\$34.65
Pyrethrum insect spray		750ml	\$16.40
R&D pest control	Kills mites and aphids.	45ml	\$9.95
Bugoff	Kills mites, thrips, white fly, and bud worm.	50ml	\$5.00
Yates maveric	insecticide	200ml	\$17.50
Terminata	Organic mite spray	500ml	\$16.85
Microbial	Rootzone conditioning solution		\$32.60
Sticky Aphid Whitefly Trap	Detect flying pests		\$1.70
Propagation and cloning			
Clonex	Gel Promotes root growth in cuttings	1lt	\$66.00
Pro-Gel	Gel Promotes root growth in cuttings	50ml	\$12.00
Clone fast	Cloning gel from Dutch Master. Fast, safe & natural rooting agent. Stops twisting of clone leaves, draws out air bubbles in the stems.	50ml 1lt	\$7.85 \$39.00
A.P.S	Clone food and cube soak from Dutch Master. One part solution. Cuttings grow while establishing roots, healthier cuttings, faster rooting, no mixing required.	5lt	\$14.95
Scalpels			\$3.50
Propagation kit	Clear dome lid/ base tray/ lattice tray		\$25.00
Clear propagation lid	Clear dome- high top		\$12.90
Propagation tray	Solid base		\$8.00
Lattice base	Sits in solid base for drainage		\$4.90
Hydro farm seedling heat mat	Has no thermostat		\$48.00
Heat 'N' Grow	TPS 030 with thermostat		\$150.00
	TPS 040 with thermostat		\$215.00
Growing media			
Perlite / Vermiculite	For topping up hydroponic kits germinating seeds & improving potting mixes	5lt 25lt 50lt 100lt	\$9.00 \$22.50 \$40.00 \$66.00
Aus Hydro clay balls	Suitable for flood & drain or ebb & flow systems.	5lt 10lt 25lt 50lt	\$10.00 \$16.50 \$29.50 \$49.50
Perlite		5lt 25lt 50lt 100lt	\$7.00 \$13.50 \$19.50 \$33.00

Growth Technologies pH test kit	Testable range pH 3-11		\$15.75
Electronic pH metres			
Milwaukee pH 51	Waterproof / floats. Replaceable electro range pH 0 – pH 14. 2 point manual procedure for direct calibration.		\$142.00
Milwaukee pH 600	Non-waterproof pH meter comes with calibration screwdriver.		\$99.00

Bluelab combo metre	Measures pH, EC, and temp on a constant basis. Top of the range. 5 year guarantee		\$420.00
Tank Commander	Integrated pH, EC and temperature monitor. Auto calibrates for variance in reading due to temperature fluctuations.		\$365.00
EC metres			
Bluelab EC Truncheon	Auto On/Off. Auto calibrates for temperature differentials in conductivity. Waterproof. Removable probe for easy replacement. The best money can buy. 5 year guarantee		\$149.90
Bluelab combo metre	Measures pH, EC, and temp on a constant basis. Top of the range. 5 year guarantee		\$420.00
Milwaukee C66 EC	Waterproof / floats. Replaceable electro range 19900 uS/cm		\$142.00
Milwaukee CD 600	Non-waterproof CF meter comes with calibration screwdriver.		\$99.00
Milwaukee SM 302	Continual EC metering		\$150.00
Tank Commander	Integrated pH, EC and temperature monitor. Auto calibrates for variance in reading due to temperature fluctuations.		\$365.00
EC/pH buffer solutions			
pH buffer pH 4 & 7	HANNA – in sashay 20ml		\$4.00
