BioGuano

NITROGEN FORMULA

BioGuano Nitrogen Formula is a blend of Seabird Guano, Organic Nitrogen (derived from Amino Acids), complexed with K:Mg:S (Potassium, Magnesium & Sulphur), and Fulvic Acid.

Mother Nature Grows Best

BioGuano is suitable for both indoor and outdoor plants, grown in soil, premium potting mix, coconut coir or hydroponic systems. Multiple uses as a high Nitrogen, low Phosphorus organic fertiliser, and as a natural soil conditioner and soil microbe feeder.

BioGuano Directions for use: Settling may occur in transit. **Shake bottle well prior to use.**
 Mix with fresh water at the following rates:

Typical Analysis

% w/v	
Nitrogen	5.70
Phosphorus	0.86
Potassium	2.45
Sulphur	1.90
Calcium	1.95
Magnesium	0.81
Organic Carbon	15.8
Sodium	0.50
ppm w/v	
Silicon	305
Iron	453
Manganese	45.7
Zinc	3.69
Boron	57.7
Copper	1.43
Cobalt	0.10
Molybdenum	0.36

Foliar Sprays & Native Plants 1.5 mL/L (15 mL per 9 L watering can)
Vegies/Flowers/Herbs/Annuals 3 mL/L (30 mL per 9 L watering can)

Coverage 9 L of diluted mix per 2 m² (1 capful = approx. 15 mL).

New Lawns 3 mL/L **Established Lawns & Large Trees** 5 mL/L

Apply weekly or as required.

Agitate solution once this product is dispersed in water.

Compatability and performance cannot be guaranteed when combined with other products. May be used with BioGuano+.

Foliar spray may leave a slight visible residue on leaves & fruit.

Sensitive plants should be test sprayed prior to full application.

Avoid foliar sprays on hot days above 28°C.

Maintain recommended application rates.

BioGuano Safety Directions:

Not to be taken. May cause mild skin or eye irritation.

Wash hands after use. Keep out of reach of children & pets.

Rinse edible plants & herbs prior to human consumption.
